(3) Notwithstanding the provisions of paragraph (2) of this subsection, any action under this chapter contesting a zoning decision of a local governing authority shall be commenced within the time allowed by law for appeal of such zoning decision.

Whenever any meeting required to be open to the public is to be held at a time or place other than at the time and place prescribed for regular meetings, the agency shall give due notice thereof. ‘Due notice’ shall be the posting of a written notice for at least 24 hours at the place of regular meetings and giving of written or oral notice shall be given at least 24 hours in advance of the meeting to the legal organ in which notices of sheriff's sales are published in the county where regular meetings are held or at the option of the agency to a newspaper having a general circulation in such county at least equal to that of the legal organ; provided, however, that, in counties where the legal organ is published less often than four times weekly ‘due notice’, sufficient notice shall be the posting of a written notice for at least 24 hours at the place of regular meetings and, upon written request from any local broadcast or print media outlet whose place of business and physical facilities are located in the county, notice by telephone, facsimile, or e-mail to that requesting media outlet at least 24 hours in advance of the called meeting. Whenever notice is given to a legal organ or other newspaper, that publication shall immediately or as soon as practicable make the information available upon inquiry to any member of the public. Upon written request from any local broadcast or print media outlet, a copy of the meeting's agenda shall be provided by facsimile, e-mail, or mail through a self-addressed, stamped envelope provided by the requestor.

(3) When special circumstances occur and are so declared by an agency, that agency may hold a meeting with less than 24 hours' notice upon giving such notice of the meeting and subjects expected to be considered at the meeting as is reasonable under the circumstances, including notice to the county legal organ or a newspaper having a general circulation in the county at least equal to that of the legal organ, in which event the reason for holding the meeting within 24 hours and the nature of the notice shall be
recorded in the minutes. Whenever notice is given to a legal organ or other newspaper, that publication shall immediately make the information available upon inquiry to any member of the public. Any oral notice required or permitted by this subsection may be given by telephone. Such reasonable notice shall also include, upon written request within the previous calendar year from any local broadcast or print media outlet whose place of business and physical facilities are located in the county, notice by telephone, facsimile, or e-mail to that requesting media outlet.

(e)(1) Prior to any meeting, the agency or committee holding such meeting shall make available an agenda of all matters expected to come before the agency or committee at such meeting. The agenda shall be available upon request and shall be posted at the meeting site; as far in advance of the meeting as reasonably possible, but shall not be required to be available more than two weeks prior to the meeting and shall be posted, at a minimum, at some time during the two-week period immediately prior to the meeting. Failure to include on the agenda an item which becomes necessary to address during the course of a meeting shall not preclude considering and acting upon such item.

(2)(A) A summary of the subjects acted on and those members present at a meeting of any agency shall be written and made available to the public for inspection within two business days of the adjournment of a meeting of any agency.

(B) The regular minutes of a meeting of any agency subject to this chapter shall be promptly recorded and such records shall be open to public inspection once approved as official by the agency or its committee, but in no case later than immediately following the its next regular meeting of the agency; provided, however, that nothing contained in this chapter shall prohibit the earlier release of minutes, whether approved by the agency or not. Such said minutes shall, as at a minimum, include the names of the members present at the meeting, a description of each motion or other proposal made, the identity of the persons making and seconding the motion or other proposal, and a record of all votes. In the case of a roll-call vote the name of each person voting for or against a proposal shall be recorded and in all other cases it shall be presumed that the action taken was approved by each person in attendance unless the minutes reflect the name of the persons voting against the proposal or abstaining.

(C) Minutes of executive sessions shall also be recorded but shall not be open to the public. Such minutes shall specify each issue discussed in executive session by the agency or committee. In the case of executive sessions where matters subject to the attorney-client privilege are discussed, the fact that an attorney-client discussion occurred and its subject shall be identified, but the substance of the discussion need not be recorded and shall not be identified in the minutes. Such minutes shall be kept and
preserved for in camera inspection by an appropriate court should a dispute arise as to the propriety of any executive session.

(f) An agency with state-wide jurisdiction or committee of such an agency shall be authorized to conduct meetings by telecommunications conference teleconference, provided that any such meeting is conducted in compliance with this chapter.

On any other occasion of the meeting of an agency or committee thereof, and so long as a quorum is present in person, a member may participate by teleconference if necessary due to reasons of health or absence from the jurisdiction so long as the other requirements of this chapter are met. Absent emergency conditions or the written opinion of a physician or other health professional that reasons of health prevent a member's physical presence, no member shall participate by teleconference pursuant to this subsection more than twice in one calendar year.

50-14-2.

This chapter shall not be construed so as to repeal in any way:

(1) The attorney-client privilege recognized by state law to the extent that a meeting otherwise required to be open to the public under this chapter may be closed in order to consult and meet with legal counsel pertaining to pending or potential litigation, settlement, claims, administrative proceedings, or other judicial actions brought or to be brought by or against the agency or any officer or employee or in which the agency or any officer or employee may be directly involved; provided, however, the meeting may not be closed for advice or consultation on whether to close a meeting; and

of this chapter. Any decision or resolution agreed to by an agency at any such caucus
shall not become effective until ratified in a public meeting and the terms of any such
decision or resolution are disclosed to the public. Any final settlement agreement,
memorandum of agreement, memorandum of understanding, or other similar document,
however denominated, in which an agency has formally resolved a claim or dispute shall
be subject to the provisions of Article 4 of Chapter 18 of this title;

meeting; provided, however, the disclosure of such portions of the minutes as would

reasonable means by which the agency can consider the record without disclosing the
exempt portions if the meeting were not closed.

50-14-4.
(a) When any meeting of an agency is closed to the public pursuant to any provision of this
chapter, the specific reasons for such closure shall be entered upon the official minutes, the
meeting shall not be closed to the public except by a majority vote of a quorum present for
the meeting, the minutes shall reflect the names of the members present and the names of
those voting for closure, and that part of the minutes shall be made available to the public
as any other minutes. Where a meeting of an agency is devoted in part to matters within

In addition to any action that may be brought by any person, firm, corporation, or other
entity, the Attorney General shall have authority to bring enforcement actions, either civil
or criminal, in his or her discretion as may be appropriate to enforce compliance with this chapter.

(b) In any action brought to enforce the provisions of this chapter in which the court determines that an agency acted without substantial justification in not complying with this chapter, the court shall, unless it finds that special circumstances exist, assess in favor of the complaining party reasonable attorney’s fees and other litigation costs reasonably incurred. Whether the position of the complaining party was substantially justified shall be determined on the basis of the record as a whole which is made in the proceeding for which fees and other expenses are sought.

It shall be a defense to any criminal action under this Code section that a person has acted in good faith in his or her actions.*

SECTION 2.

Said title is further amended by revising Article 4 of Chapter 18, relating to inspection of public records, as follows:

*ARTICLE 4

50-18-70.

(a) The General Assembly finds and declares that the strong public policy of this state is in favor of open government; that open government is essential to a free, open, and democratic society; and that public access to public records should be encouraged to foster confidence in government and so that the public can evaluate the expenditure of public funds and the efficient and proper functioning of its institutions. The General Assembly
further finds and declares that there is a strong presumption that public records should be made available for public inspection without delay. This article shall be broadly construed to allow the inspection of governmental records. The exceptions set forth in this article, together with any other exception located elsewhere in the Code, shall be interpreted narrowly to exclude only those portions of records addressed by such exception.

(a)(b) As used in this article, the term:

(1) 'Agency' shall have the same meaning as in Code Section 50-14-1 and shall additionally include any association, corporation, or other similar organization that has a membership or ownership body composed primarily of counties, municipal corporations, or school districts of this state, their officers, or any combination thereof and derives more than 33 1/3 percent of its general operating budget from payments from such political subdivisions.

(2) 'Public record' shall mean all documents, papers, letters, maps, books, tapes, photographs, computer based or generated information, data, data fields, or similar material prepared and maintained or received by an agency or by a private person or entity in the performance of a service or function for or on behalf of an agency or when such documents have been transferred to a private person or entity by an agency for storage or future governmental use, in the course of the operation of a public office or agency. 'Public record' shall also mean such items received or maintained by a private person or entity on behalf of a public office or agency which are not otherwise subject to protection from disclosure; provided, however, this Code section shall be construed to disallow an agency's placing or causing such items to be placed in the hands of a private person or entity for the purpose of avoiding disclosure. Records received or maintained by a private person, firm, corporation, or other private entity in the performance of a service or function for or on behalf of an agency, a public agency, or a public office shall be subject to disclosure to the same extent that such records would be subject to disclosure if received or maintained by such agency, public agency, or public office. As used in this article, the term 'agency' or 'public agency' or 'public office' shall have the same meaning and application as provided for in the definition of the term 'agency' in paragraph (1) of subsection (a) of Code Section 50-14-1 and shall additionally include any association, corporation, or other similar organization which: (1) has a membership or ownership body composed primarily of counties, municipal corporations, or school districts of this state or their officers or any combination thereof; and (2) derives a substantial portion of its general operating budget from payments from such political subdivisions;

(b) All public records of an agency as defined in subsection (a) of this Code section, except those which by order of a court of this state or by law are prohibited or specifically
exempted from being open to inspection by the general public, shall be open for a personal
inspection by any citizen of this state at a reasonable time and place; and those in charge
of such records shall not refuse this privilege to any citizen.
(c) Any computerized index of a county real estate deed records shall be printed for
purposes of public inspection no less than every 30 days and any correction made on such
index shall be made a part of the printout and shall reflect the time and date that said index
was corrected.
(d) No public officer or agency shall be required to prepare reports, summaries, or
compilations not in existence at the time of the request.
(e) In a pending proceeding under Chapter 13 of this title, the 'Georgia Administrative
Procedure Act,' or under any other administrative proceeding authorized under Georgia
law, a party may not access public records pertaining to the subject of the proceeding
pursuant to this article without the prior approval of the presiding administrative law judge;
who shall consider such open record request in the same manner as any other request for
information put forth by a party in such a proceeding. This subsection shall not apply to
any proceeding under Chapter 13 of this title, relating to the revocation, suspension,
annulment, withdrawal, or denial of a professional education certificate, as defined in Code
Section 20-2-200, or any personnel proceeding authorized under Part 7 and Part 11 of
Article 17 and Article 25 of Chapter 2 of Title 20.
(f) The individual in control of such public record or records shall have a reasonable
amount of time to determine whether or not the record or records requested are subject to
access under this article and to permit inspection and copying. In no event shall this time
exceed three business days. Where responsive records exist but are not available within
three business days of the request, a written description of such records, together with a
timetable for their inspection and copying, shall be provided within that period; provided,
however, that records not subject to inspection under this article need not be made available
for inspection and copying or described other than as required by subsection (h) of Code
Section 50-18-72, and no records need be made available for inspection or copying if the
public officer or agency in control of such records shall have obtained, within that period
of three business days, an order based on an exception in this article of a superior court of
this state staying or refusing the requested access to such records.
(g) At the request of the person, firm, corporation, or other entity requesting such records;
records maintained by computer shall be made available where practicable by electronic
means, including Internet access, subject to reasonable security restrictions preventing
access to nonrequested or nonavailable records.
(a) All public records shall be open for personal inspection and copying, except those
which by order of a court of this state or by law are specifically exempted from disclosure.
Records shall be maintained by agencies to the extent and in the manner required by Article
5 of this chapter. In all cases where an interested member of the public has a right to
inspect or take extracts or make copies from any public records, instruments, or documents,
any such person shall have the right of access to the records, documents, or instruments for
the purpose of making photographs or reproductions of the same while in the possession;
custody, and control of the lawful custodian thereof, or his authorized deputy. Such work
shall be done under the supervision of the lawful custodian of the records, who shall have
the right to adopt and enforce reasonable rules governing the work. The work shall be done
in the room where the records, documents, or instruments are kept by law. While the work
is in progress, the custodian may charge the person making the photographs or
reproductions of the records, documents, or instruments at a rate of compensation to be
agreed upon by the person making the photographs and the custodian for his services or the
services of a deputy in supervising the work.

(b)(1)(A) Agencies shall produce for inspection all records responsive to a request
within a reasonable amount of time not to exceed three business days of receipt of a
request; provided, however, that nothing in this chapter shall require agencies to
produce records in response to a request if such records did not exist at the time of the
request. In those instances where some, but not all, records are available within three
business days, an agency shall make available within that period those records that can
be located and produced. In any instance where records are unavailable within three
business days of receipt of the request, and responsive records exist, the agency shall,
within such time period, provide the requester with a description of such records and
a timeline for when the records will be available for inspection or copying and provide
the responsive records or access thereto as soon as practicable. Where fees for certified
copies or other copies or records are specifically authorized or otherwise prescribed by
law, such specific fee shall apply.

(B) A request made pursuant to this article may be made to the custodian of a public
record orally or in writing. An agency may, but shall not be obligated to, require that
all written requests be made upon the responder's choice of one of the following: the
agency's director, chairperson, or chief executive officer, however denominated; the
senior official at any satellite office of an agency; a clerk specifically designated by an
agency as the custodian of agency records; or a duly designated open records officer of
an agency; provided, however, that the absence or unavailability of the designated
agency officer or employee shall not be permitted to delay the agency's response. At
the time of inspection, any person may make photographic copies or other electronic reproductions of the records using suitable portable devices brought to the place of inspection. Notwithstanding any other provision of this chapter, an agency may, in its discretion, provide copies of a record in lieu of providing access to the record when portions of the record contain confidential information that must be redacted.

(2) Any agency that designates one or more open records officers upon whom requests for inspection or copying of records may be delivered shall make such designation in writing and shall immediately provide notice to any person upon request, orally or in writing, of those open records officers. If the agency has elected to designate an open records officer, the agency shall so notify the legal organ of the county in which the agency's principal offices reside and, if the agency has a website, shall also prominently display such designation on the agency's website. In the event an agency requires that requests be made upon the individuals identified in subparagraph (B) of paragraph (1) of this subsection, the three-day period for response to a written request shall not begin to run until the request is made in writing upon such individuals. An agency shall permit receipt of written requests by e-mail or facsimile transmission in addition to any other methods of transmission approved by the agency, provided such agency uses e-mail or facsimile in the normal course of its business.

(3) The enforcement provisions of Code Sections 50-18-73 and 50-18-74 shall be available only to enforce compliance and punish noncompliance when a written request is made consistent with this subsection and shall not be available when such request is made orally.

(c)(1) An agency may impose a reasonable charge for the search, retrieval, redaction, and production or copying costs for the production of records pursuant to this article. An agency shall utilize the most economical means reasonably calculated to identify and produce responsive, nonexcluded documents. Where fees for certified copies or other copies or records are specifically authorized or otherwise prescribed by law, such specific fee shall apply when certified copies or other records to which a specific fee may apply are sought. In all other instances, the charge for the search, retrieval, or redaction of records shall not exceed the prorated hourly salary of the lowest paid full-time employee who, in the reasonable discretion of the custodian of the records, has the necessary skill and training to perform the request; provided, however, that no charge shall be made for the first quarter hour. Where no fee is otherwise provided by law, the agency may charge and collect a uniform copying fee not to exceed 25¢ per page.

(2) In addition to a charge for the search, retrieval, or redaction of records, an agency may charge a fee for the copying of records or data, not to exceed 10¢ per page for letter or legal size documents or, in the case of other documents, the actual cost of producing...
In the case of electronic records, the agency may charge the actual cost of the media on which the records or data are produced.

(3) Whenever any person has requested to inspect or copy a public record and does not pay the cost for search, retrieval, redaction, or copying of such records when such charges have been lawfully estimated and agreed to pursuant to this article, and the agency has incurred the agreed-upon costs to make the records available, regardless of whether the requester inspects or accepts copies of the records, the agency shall be authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments by such agency.

(d) In any instance in which an agency is required to or has decided to withhold all or part of a requested record, the agency shall notify the requester of the specific legal authority exempting the requested record or records from disclosure by Code section, subsection, and paragraph within a reasonable amount of time not to exceed three business days or in the event the search and retrieval of records is delayed pursuant to this paragraph or pursuant to subparagraph (b)(1)(A) of this Code section, then no later than three business days after the records have been retrieved. In any instance in which an agency will seek costs in excess of $25.00 for responding to a request, the agency shall notify the requester within a reasonable amount of time not to exceed three business days and inform the requester of the estimate of the costs, and the agency may defer search and retrieval of the records until the requester agrees to pay the estimated costs unless the requester has stated in his or her request a willingness to pay an amount that exceeds the search and retrieval costs. In any instance in which the estimated costs for production of the records exceeds $500.00, an agency may insist on prepayment of the costs prior to beginning search, retrieval, review, or production of the records. Whenever any person who has requested to inspect or copy a public record has not paid the cost for search, retrieval, redaction, or copying of such records when such charges have been lawfully incurred, an agency may require prepayment for compliance with all future requests for production of records from that person until the costs for the prior production of records have been paid or the dispute regarding payment resolved. In addition, a reasonable charge may be collected for search, retrieval, and other direct administrative costs for complying with a request under this Code section. The hourly charge shall not exceed the salary of the lowest paid full-time employee who, in the discretion of the custodian of the records, has the necessary skill and training to perform the request; provided, however, that no charge shall be made for the first quarter hour.

(e) Requests by civil litigants for records that are sought as part of or for use in any ongoing civil or administrative litigation against an agency shall be made in writing and copied to counsel of record for that agency contemporaneously with their submission to that agency. The agency shall provide, at no cost, duplicate sets of all records produced
in response to the request to counsel of record for that agency unless the counsel of record for that agency elects not to receive the records. An agency shall utilize the most economical means available for providing copies of public records.

(f) As provided in this subsection, an agency's use of electronic record-keeping systems must not erode the public's right of access to records under this article. Agencies shall produce electronic copies of or, if the requester prefers, printouts of electronic records or data from data base fields that the agency maintains using the computer programs that the agency has in its possession. An agency shall not refuse to produce such electronic records, data, or data fields on the grounds that exporting data or redaction of exempted information will require inputting range, search, filter, report parameters, or similar commands or instructions into an agency's computer system so long as such commands or instructions can be executed using existing computer programs that the agency uses in the ordinary course of business to access, support, or otherwise manage the records or data. A requester may request that electronic records, data, or data fields be produced in the format in which such data or electronic records are kept by the agency, or in a standard export format such as a flat file electronic American Standard Code for Information Interchange (ASCII) format, if the agency's existing computer programs support such an export format. In such instance, the data or electronic records shall be downloaded in such format onto suitable electronic media by the agency. Where information requested is maintained by computer, an agency may charge the public its actual cost of a computer disk or tape onto which the information is transferred and may charge for the administrative time involved as set forth in subsection (d) of this Code section.

(g) Requests to inspect or copy electronic messages, whether in the form of e-mail, text message, or other format, should contain information about the messages that is reasonably calculated to allow the recipient of the request to locate the messages sought, including, if known, the name, title, or office of the specific person or persons whose electronic messages are sought and, to the extent possible, the specific data bases to be searched for such messages. Whenever any person has requested one or more copies of a public record and such person does not pay the copying charges and charges for search, retrieval, or other direct administrative costs in accordance with the provisions of this Code section:

(1) A county or a department, agency, board, bureau, commission, authority, or similar body of a county is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the county;

(5) An independent school board or a department, agency, board, bureau, commission, authority, or similar body of an independent school board is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the municipal corporation; and

(6) A joint or regional authority or instrumentality which serves one or more counties and one or more municipal corporations, two or more counties, or two or more municipal corporations is authorized to collect such charges in any manner authorized by law for the collection of taxes, fees, or assessments owed to the county if a county is involved with the authority or instrumentality or in any manner authorized by law for the collection of taxes, fees, or assessments owed to the municipal corporation if a municipal corporation is involved with the authority or instrumentality.

This subsection shall apply whether or not the person requesting the copies has appeared to receive the copies.

(h) In lieu of providing separate printouts or copies of records or data, an agency may provide access to records through a website accessible by the public. However, if an agency receives a request for data fields, an agency shall not refuse to provide the responsive data on the grounds that the data is available in whole or in its constituent parts through a website if the requester seeks the data in the electronic format in which it is kept. Additionally, if an agency contracts with a private vendor to collect or maintain public records, the agency shall ensure that the arrangement does not limit public access to those records and that the vendor does not impede public record access and method of delivery as established by the agency or as otherwise provided for in this Code section.

(i) Any computerized index of county real estate deed records shall be printed for purposes of public inspection no less than every 30 days, and any correction made on such index shall be made a part of the printout and shall reflect the time and date that such index was corrected.

(j) No public officer or agency shall be required to prepare new reports, summaries, or compilations not in existence at the time of the request.
